Enrolment at Our Lady of the Rosary Parish Primary School is in accordance with CECV (Catholic Education Commission Victoria) Guidelines and directives from the Directorate of School Education.

Enrolment Applications should be made on the appropriate form which is available from the school office. An Enrolment Application meeting with the School Principal will then be set. The Parish Priest has the ultimate authority in the area of enrolment.

Children must turn 5 years of age before April 30th in their first year of school (proof of age is required) and families must supply an immunisation certificate before enrolment will be considered.

Our Lady of the Rosary Parish Primary School is committed to inclusive education and children with disabilities and additional needs are welcome.

The Parish endeavours to assist parents of all Christian denominations in the faith development of their children. Enrolment on Non Catholic families in limited numbers therefore does occur. Priority is given to the children of Catholic parents and enrolment of Non Catholic families must therefore be negotiated with the Parish Priest and the School Principal.

At Our Lady of the Rosary Parish Primary School we believe that parents are the primary educators of their children and that the word and example of parents provide the strongest and most lasting influence on their children. In choosing to enrol your child at Our Lady of the Rosary Parish Primary School, you are making a statement about the type of education you desire for your child. It is different because it is Catholic. It must off the authentic Catholic vision. Our Lady of the Rosary Parish Primary School undertakes the Church’s mission to give witness to Jesus Christ.

As you enrol your child in our school, you are invited to be part of this mission to proclaim Jesus Christ. We ask you to work with the school community in your child’s faith education and to find ways of supporting your child in his or her growth in faith through your home life.
